Hi Stephanie,

With all of the chaos caused by the democrats, I was wanting to make copies of the precinct convention minutes to review for irregularities. As Ronald Reagan said 'Trust, but verify'. In corresponding with the temporary chairs, it does not sound like they are making them available right now. State party rules 22b require that the copy of the minutes be kept by the County Chair and be available as public record. How will you resolve this in the next day or two? I am happy to go to where the packets are, if that will make the situation easier to resolve. Thanks!

Chris Howe
Precinct chair 4250
